The Educational Leadership, College and University Cohort Program is a distance delivery, cohort based Ph.D. program focused on the development of leaders at four year colleges and universities. Its goal is to produce educational leaders and scholar practitioners that contribute to the knowledge and application of knowledge in a College and University setting. The program is a 60-hour, post masters program that includes 30 hours of leadership and administrative course content and 30 hours of research credits, plus comprehensive exams and a dissertation.

Two additional days in January prior to the beginning of the spring semester, are also required.
