

Dear Colleagues:

Fall brings new and challenging happenings to the School of Education. It is our pleasure to update you through our Continuing Education bulletin. We hope this bulletin finds you gearing up for the Fall 2009 school year.

Faculty are hopeful that the fall will bring a new face to the School of Education: a new SOE Director. As of the printing of this bulletin, the search is still in progress. Watch for an announcement later in the summer.

To bring more visibility to teacher education on the CSU campus and in Colorado, the SOE announces the beginning of the new School of Teacher Education and Principal Preparation (STEPP). STEPP prepares teachers to 1) to **understand the content** in the subjects they intend to teach; 2) to **utilize pedagogy** that integrates theory and practice in efforts to meet the needs of diverse learners in real world education contexts; and 3) to **become caring, competent, emergent professionals**. The school also works to prepare effective principal leaders for PK-12 schools. In addition, STEPP serves as a center for research, a site for integration of programs and a structure to recruit, retain and reward faculty who orient their scholarship to teacher preparation.

We look forward to working with you as you pursue your educational goals. Please tell us about interests you have concerning undergraduate or graduate studies. We would be glad to identify the appropriate opportunities that exist or explore possible future offerings that may come on-line.

Sincerely,

Dr. Dawn Mallette
Director for Continuing Education
School of Education
